

## WHO AM I

A well-skilled creative, and a self-motivated go-getter with the creativity and design abilities that range across the spectrum. With 10+ years of experience in the industry.

Having worked on projects throughout Africa, and the UK, with a few Awards, gained along with it. Obtaining well developed critical thinking skills and the awareness of business practices, that would interlock with the ethos of your business or project.

With the Mission "to build a global business that empowers people to maximise their talent and change the world through creative, innovative design."
